<input type="checkbox"/>	Priority 3: A cooperating border cooperation																		
<input type="checkbox"/>	Harmonious neighbourly relations through cooperation																		
<input type="checkbox"/>	A safer and more secure Europe																		
<p style="text-align: center;">Title of your project idea</p>	<p>Production of design and estimate documentation for the project: «Reconstruction of the sewerage network and treatment facilities of the village. Kobyletska Polyana of the Velykyi Bychkiv Settlement Territorial Community of the Rakhiv District of the Zakarpattia Oblast». Execution of construction works according to project and estimate documentation.</p>																		
<p style="text-align: center;">Identified need/problem (What does the project aim to address?)</p>	<p>The village of Kobyletskaya Polyana is a mountainous settlement. This multinational village, where Hungarians, Germans, Romanians live together, Ukrainians, was famous for its developed industrial production at the Transcarpathian Valve Plant (TVP). Now TVP is bankrupt in a state of liquidation, the infrastructure - water supply and drainage system, which were maintained by TVP are in unsatisfactory condition.</p> <p>Over five decades of operation, with limited repairs, the treatment plant and the sewage network have undergone wear and tear, leading to frequent emergencies.</p> <p>The Shopurca River flows into the Tisza River, where the water intake of the Romanian city of Sighet Maramureş is located. Due to physical wear and tear, accidents occur at the treatment facilities in the village of Kobyletskaya Polyana, which lead to a deterioration</p>																		

	in sanitary and epidemiological standards. Water treatment plants and sewerage network need urgent reconstruction
Description of the project idea (What will be the positive changes as a result of the project? Who will be directly involved in the project? Who will benefit as a result of the project?)	Production of design and estimate documentation for the project will provide an opportunity to: 1) proceed to the next stage of project implementation - search for sources of implementation of the project "Reconstruction of the sewage network and treatment facilities..."; 2) to significantly improve the ecological condition of the Shopurka River, the right tributary of the Tisza River of the Upper Tisyan river basin, which flows into the Danube River; 3) significantly improve the sanitary-epidemiological situation and the social component of the village. Kobyletska Polyana; 4) take a significant step to restore tourist glory; 5) to improve the investment climate for attracting funds to the tourism and recreation and health industry of the territorial community
Who are you?	
Name of your organisation	Velikobychkiv settlement council
Country	Ukraine
Type of organisation	local government
Experience in cross-border, transnational or international cooperation	We have experience in cross-border cooperation Romania-Ukraine, Hungary-Slovakia-Romania-Ukraine
Contact person (name, telephone, email)	Anna Lokota, +380 97 046 4245, veveritaLoCat@gmail.com Volodymyr Chaus, +380 93 681 2112 chaus.volodymyr.i@gmail.com
Which partner(s) are you looking for?	
Country	Hungary or Slovakia or Romania
Type of organisation	local government or Municipal Enterprise
What do you expect from your partner? (activities, budget, experience – in the proposed field, in other projects etc.)	From the partner, we expect cooperation, experience, activity, help in submitting and implementing the project
Do you already have some partner(s)?	
Country	There are no partners. we are looking for partners
