Specific objective	Project ID	Project title	Start date	Expected or actual date of completion	Lead Partner name (ENG)	Partner 1 name (ENG)	Partner 2 name (ENG)	Partner 3 name (ENG)	Partner 4 name (ENG)	Partner 5 name (ENG)	Total cost of operation (€)	Total EU contribution (€)	Union co-financing rate	Fund concerned	NUTS III	Settlement	Type of intervention	Purpose of the operation and its expected or actual achievements
RSO 2.4	HUSKROUA/23/L/1.1/002	Strengthening Adaptive Frameworks for Enhanced Preparedness and Resilience against Natural and Human-Made Hazards	01.03.2025	29.02.2028	Maramures County	The Main Department of State Emergency Service of Ukraine in Transcarpathian region	x	x	x	x	3 480 235,13	3 132 211,60	90%	NDICI	Maramureş	Baia Mare	58	<p>Project Overview: The project is a collaborative effort between Maramures County and the Main Department of State Emergency Service in Zakarpattia region, aiming to bolster community resilience against various disasters. It addresses both natural and human-made challenges by providing essential tools and resources. Key achievements include establishing a cutting-edge training center and procuring state-of-the-art emergency vehicles and also afforestation of indetified areas, so local and cross border communities will be protected from natural and climate related hazzards. By fostering cross-border collaboration, the project seeks to create a resilience effect in the region. Through innovative approaches and community engagement, it pioneers a new paradigm for disaster resilience.</p> <p>Main Goal of the Project: The main objective of the project is to create a sustainable framework for enhancing preparedness and responsive capacities against natural and human-made threats and/or disasters and adverse impacts (existing or potential) of climate change.</p>
RSO 2.4	HUSKROUA/23/L/1.1/003	We Catch and Retain: rainwater collection, anti-flood and greening measures in border municipalities of HU-SK-UA region	01.04.2025	31.03.2027	Town of Michalovce	Department of Municipal Infrastructure of Uzhhorod City Council	Municipality of Satorajajuhely	x	x	x	2 508 462,46	2 257 616,20	90%	NDICI	Košický samosprávny kraj	Michalovce	60	<p>Project Overview: The WeCaRe project addresses the pressing challenges posed by climate change in three cross-border municipalities of the Zemplín, Zemplén, and Transcarpathia regions. By implementing green infrastructure and water retention measures, the project aims to combat the adverse effects of climate change, such as overheating, decreased precipitation, and increased risk of drought and flooding. Through innovative approaches and cross-border cooperation, WeCaRe seeks to create a more resilient and sustainable border region.</p> <p>Main Goal of the Project: The main objective of the project is to enhance the environmental resilience of the target municipalities to climate change by integrating rainwater retention and anti-flood measures. Additionally, the project aims to create six new green zones within municipal infrastructure while increasing the professionalism of municipal actors in developing ecologically sustainable cities. Public awareness of climate change adaptation will be raised, and project data will be made more accessible to the wider public.</p>
RSO 2.4	HUSKROUA/23/RI/1.1/005	Adaptation to climate change by harmonized water management actions and flood risk prevention at transboundary Batar-Palad-Tur catchment	01.01.2025	31.12.2026	Tisza River Basin Water Resources Directorate	Upper-Tisza Regional Water Directorate	Vynohradiv Interrayon Department of Water Management	x	x	x	2 108 118,60	1 897 306,74	90%	NDICI	Zakarpattia	Uzhhorod	58	<p>Project Overview: The project addresses critical challenges of water scarcity and floods in the transboundary UA-HU Batar-Palad-Tur river catchment area. It aims to enhance hydrological regimes, mitigate climate change impacts, and improve flood risk management through innovative restoration and monitoring initiatives. By revitalizing riverbeds and enhancing water flow management, the project seeks to foster resilience and sustainability in the region.</p> <p>Main Goal of the Project: The primary objective of the project is to mitigate the adverse effects of climate change within the Batar-Palad-Tur river catchment area. By implementing collaborative measures for water supply enhancement and flood risk prevention, the project aims to bolster resilience and prosperity in the border regions.</p>
RSO 2.4	HUSKROUA/23/RI/1.1/017	Risk prevention of natural disasters in Presov self-governing region and Zakarpattia Oblast of Ukraine	01.02.2025	31.01.2027	Roads Administration of Presov self-governing region	Service for Restoration and Development of Infrastructure in Zakarpattia Oblast	x	x	x	x	700 426,91	630 384,21	90%	NDICI	Prešovský samosprávny kraj	Prešov	58	<p>Project Overview: The project tackles challenges arising from climate change, such as increased landslide risks and flash floods in the cross-border regions of Zakarpattia and Prešov. It involves implementing technical measures like constructing runoff traps, reconstructing drainage systems, and expanding roadways to improve safety and reduce environmental impact. The reconstruction of critical road sections, such as the left side of the H-13 road, will enhance traffic safety and environmental stability by employing innovative, sustainable materials and techniques.</p> <p>Main Goal of the Project: The main objective is to boost the regions' ability to withstand natural hazards by enhancing environmental and infrastructure resilience, ultimately contributing to climate change mitigation and regional development.</p>

LIST OF OPERATIONS IN THE HUSKROUA NEXT CBC PROGRAMME 2021-2027

Specific objective	Project ID	Project title	Start date	Expected or actual date of completion	Lead Partner name (ENG)	Partner 1 name (ENG)	Partner 2 name (ENG)	Partner 3 name (ENG)	Partner 4 name (ENG)	Partner 5 name (ENG)	Total cost of operation (€)	Total EU contribution (€)	Union co-financing rate	Fund concerned	NUTS III	Settlement	Type of intervention	Purpose of the operation and its expected or actual achievements
RSO 2.7	HUSKROUA/23/RI/1.2/028	Common up-to-date solutions to reduce water pollution in the crossborder region	01.04.2025	31.03.2027	Village Malá Domaša	Velykyj Bereznij village council	x	x	x	x	872 856,56	785 570,89	90%	NDICI	Prešovský samosprávny kraj	Malá Domaša	79	Project Overview: In response to pressing environmental challenges, project aims to enhance wastewater management to safeguard and enhance environmental quality, particularly water and soil resources. The project addresses the urgent need for improved sewerage infrastructure and heightened environmental awareness in the targeted areas. Through collaborations between lead and UA partners, innovative methods and educational initiatives are deployed to achieve sustainable outcomes. Main Goal of the Project: The primary goal of the project is to protect and enhance the environment, with a focus on water and soil resources, through effective wastewater management practices.
RSO 4.5	HUSKROUA/23/RI/2.1/001	Development of traumatological care	01.02.2025	31.07.2026	St. Damjan Greek Catholic Hospital	Municipal non-commercial enterprise "Uzhgorod City Multidisciplinary Clinical Hospital" of Uzhgorod City Council	x	x	x	x	2 244 856,50	2 020 370,84	90%	NDICI	Szabolcs-Szatmár-Bereg vármegye	Kisvárd	128	Project Overview: The project aims to enhance healthcare services for trauma patients by addressing critical needs in the Kisvárd and Ungvár hospitals. These hospitals are strategically located along the E573 route, which experiences frequent road accidents, necessitating immediate trauma care. Additionally, Ungvár hospital serves both civilian and military casualties from the ongoing conflict, requiring specialized trauma and surgical treatment. Main Goal of the Project: The primary objective of the project is to improve the overall healthcare infrastructure and services for trauma patients. This includes renovating existing facilities, upgrading medical equipment, and enhancing staff expertise to ensure consistent, high-quality care across both hospitals.
RSO 4.5	HUSKROUA/23/RI/2.1/011	Pandemic Response and Operational Tactics for Enhanced Containment and Tracking	01.08.2025	31.07.2027	Zakarpattia Regional State Laboratory of DERZHPRODS POZHIVSLUZ HBA	Non-Governmental Organization "European Initiatives Center"	Planetrise Association for Culture and Environmental Protection	Regional Innovation Agency	Satu Mare Sanitary Veterinary and Food Safety Directorate	Satu Mare County Administrative Territorial Unit	1 278 099,90	1 150 289,91	90%	NDICI	Zakarpattia	Uzhhorod	128	Project Overview: The project tackles the challenges posed by zoonotic diseases, such as bacterial infections, which threaten the health and well-being of communities across Hungary, Slovakia, Romania, and Ukraine. With a focus on enhancing surveillance, containment, and collaboration, PROTECT aims to achieve significant milestones in disease control. By renovating key laboratory facilities and introducing innovative diagnostic tools like the miniVIDAS system, the project will revolutionize the detection and management of infectious diseases, reducing turnaround times to as little as 24-48 hours. Main Goal of the Project: The main objective of the project is to strengthen public health preparedness and response to infectious diseases, particularly zoonotic diseases, through enhanced surveillance, containment, and collaboration across borders. This aligns with the overall program goal of promoting regional cooperation in public health. The project contributes to the program-specific objective by improving disease control measures, fostering cross-border collaboration, and enhancing health security in the region.
RSO 4.5	HUSKROUA/23/RI/2.1/020	Health without borders: Improving access to quality medical services in Moisei and Sotolvyno	01.01.2025	31.12.2026	Moisei Commune	Sotolvyno city Council	Municipal non-commercial enterprise "Nyzhnia - Apsha hospital" of Sotolvyno city council Tyachiv district Transcarpathian region	x	x	x	1 621 359,98	1 459 223,98	90%	NDICI	Maramureş	Moisei Commune	128	Project Overview: The project aims to enhance healthcare quality in Moisei, Romania, and Sotolvyno, Ukraine, by modernizing medical facilities and addressing current healthcare challenges. The initiative focuses on updating infrastructure, improving diagnostic and treatment capabilities, and fostering collaboration between healthcare professionals across the border. Main Goal of the Project: The main objective of the project is to develop cooperation between Moisei and Sotolvyno in healthcare by modernizing and equipping two medical facilities. This aligns with the Interreg Program SO 4.5, aiming to ensure equal access to healthcare, strengthen health system resilience, and promote a transition towards family-based and community-based care.

LIST OF OPERATIONS IN THE HUSKROUA NEXT CBC PROGRAMME 2021-2027

Specific objective	Project ID	Project title	Start date	Expected or actual date of completion	Lead Partner name (ENG)	Partner 1 name (ENG)	Partner 2 name (ENG)	Partner 3 name (ENG)	Partner 4 name (ENG)	Partner 5 name (ENG)	Total cost of operation (€)	Total EU contribution (€)	Union co-financing rate	Fund concerned	NUTS III	Settlement	Type of intervention	Purpose of the operation and its expected or actual achievements
RSO 4.5	HUSKROUA/23/RI/2.1/024	Equal access to dental care in the cross-border region	01.03.2025	28.02.2027	Satu Mare County Intercommunity Development Association	Institution "Zakarpattia Regional Development Agency"	Municipality of Nagykovács	Ardu Town	Livada Town	x	672 450,10	605 205,07	90%	NDICI	Satu Mare	Satu Mare	128	<p>Project Overview: The project titled 4YOURSMILE addresses the critical issue of dental health care for children in the cross-border regions of Romania, Ukraine, and Hungary. Recognizing the increasing prevalence of dental diseases among children due to the lack of prevention programs and modern dental care facilities, this project aims to ensure equal access to dental health care for children. The project will achieve this through investments in dental care facilities, promotion of dental health care prevention measures, and enhancement of professional skills in dental care.</p> <p>Main Goal of the Project: The main goal of the project is to ensure equal access to dental health care for children in the cross-border area of Romania, Ukraine, and Hungary. This goal will be achieved through investments in dental health care facilities, promoting dental health care prevention measures, and developing the skills of dental health professionals in these regions.</p>
RSO 4.5	HUSKROUA/23/RI/2.1/032	Healthcare Operators for a Sustainable Prevention and for the Implementation of Territorial Advanced Level Screenings	01.06.2025	31.05.2027	Szabolcs-Szatmár-Bereg County Teaching Hospital	Municipal Non-profit Enterprise "Regional Children's Hospital" of Zakarpattia Regional Council	x	x	x	x	3 784 998,48	3 406 498,63	90%	NDICI	Szabolcs-Szatmár-Bereg vármegye	Nyíregyháza	128	<p>Project Overview: Project aims to establish higher added-value breast and lymphatic system screening capacities to enhance access to healthcare in the cross-border region. The project addresses challenges of uneven healthcare distribution, particularly affecting marginalized groups. By focusing on health prevention, promotion, and development, it seeks to improve health outcomes and reduce mortality rates. Through innovative pilot screening programs and sustainable screening capacities, HOSPITALS aims to foster a healthier lifestyle among the population.</p> <p>Main Goal of the Project: The main objective of HOSPITALS is to improve access to healthcare services for the cross-border population by establishing higher added-value breast and lymphatic system screening capacities. By doing so, it contributes directly to the program's goal of ensuring equal access to healthcare and fostering the resilience of health systems in the border region.</p>
RSO 4.5	HUSKROUA/23/RI/2.1/033	HealthGuard: Cross-Border Collaboration for Enhanced Infectious Disease Management and Emergency Care	01.01.2025	31.12.2026	Central City Clinical Hospital of Ivano-Frankivsk City Council	Sighetu Marmatiei Municipal Hospital	x	x	x	x	2 328 580,80	2 095 722,72	90%	NDICI	Ivano-Frankivsk	Ivano-Frankivsk	128	<p>Project Overview: This initiative aims to address health challenges across the Hungary-Slovakia-Romania-Ukraine border by minimizing infection spread, reducing mortality rates, and enhancing healthcare standards. Through infrastructure improvements, workshops, awareness campaigns, and cross-border cooperation, HGuard seeks to revolutionize the health landscape and elevate emergency care capacity.</p> <p>Main Goal of the Project: The main goal of the HGuard project is to fortify cross-border health security in the HUSKROUA region by upgrading emergency services and enhancing infectious disease control. By modernizing facilities and fostering professional exchange, HGuard directly contributes to improving social and health safety. It aims to reduce health disparities, elevate patient care standards, and enhance regional emergency response capabilities, ultimately bolstering public health resilience.</p>
RSO 4.5	HUSKROUA/23/RI/2.1/038	Support of equal access to healthcare and development of digital technologies in healthcare within SK-UA cross-border region	01.06.2025	31.05.2027	Prešov self-governing region	Velykyj Bereznyj village council	x	x	x	x	1 195 643,30	1 076 078,97	90%	NDICI	Prešovský samosprávny kraj	Prešov	129	<p>Project Overview: The project is a collaborative effort between the Prešov self-governing region and the Velykyj Bereznyj village council, aimed at leveraging telemedicine solutions and digital technologies to enhance healthcare accessibility and quality in the Slovak-Ukrainian border region. It addresses challenges related to unequal healthcare distribution and limited access to medical services, particularly in remote areas.</p> <p>Main Goal of the Project: The main goal of the project is to support the utilization of telemedicine solutions and digital technologies in healthcare to improve accessibility to healthcare services and promote health development in the Slovak-Ukrainian border region. Additionally, the project aims to enhance the efficiency of care delivery and optimize healthcare resource management.</p>

By fostering cross-border cooperation, the project seeks to prevent epidemics and contribute to the overall goal of developing the HU-SK-RO-UA border region, ensuring equal access to healthcare, and fostering resilience.</p> <p>Main Goal of the Project: The main goal of project is to foster the resilience of healthcare systems in Chernivtsi region and Suceava county against the spread of viruses and infections. This goal is aligned with the overarching program objective of serving the development of the HU-SK-RO-UA border region and ensuring equal access to healthcare, thereby contributing to the specific objective of ensuring equal access to healthcare and fostering resilience.</p>
RSO 4.5	HUSKROUA/23/RI/2.1/056	Cross-border cooperation between Miskolc and Ivano-Frankivsk regarding multidisciplinary trainings	01.01.2025	31.12.2026	Borsod-Abaúj-Zemplén County Central Hospital and University Teaching Hospital	Ivano Frankivsk National Medical University	x	x	x	x	605 391,44	544 852,28	90%	NDICI	Borsod-Abaúj-Zemplén vármegye	Miskolc	131	<p>Project Overview: The project addresses the critical need for effective emergency medical care training, offering a solution through state-of-the-art simulation centers in Ivano-Frankivsk and Miskolc. These centers will provide a realistic, low-stress environment for medical students, civil servants, and civilians to hone their skills, ensuring better outcomes for patients. Through innovative training methods and technology, including high-tech mannequins and simulation equipment, participants will gain hands-on experience in various fields of healthcare. Monthly workshops and live training sessions will foster continuous learning and skill development. By sharing knowledge and best practices, this project aims to elevate the quality of education and emergency response in both regions, contributing to improved healthcare outcomes and the overall well-being of communities.</p> <p>Main Goal of the Project: The main objective of the project is to establish a collaborative framework between Ivano-Frankivsk and Miskolc for specialized medical training, leveraging cutting-edge simulation technology. By enhancing the quality of emergency medical care education, the project aligns with the Interreg programme's goal of promoting health and utilizing digital technologies. Through joint initiatives and continuous knowledge exchange, the project aims to ensure the sustainability of improved training standards, ultimately benefiting medical professionals, civil servants, and the broader community.</p>
RSO 4.5	HUSKROUA/23/RI/2.1/068	Healthy Future - joint activities of Perechyn and Sobrance for health promotion	01.01.2025	31.12.2026	Perechyn City Council	Regional Hospital Sobrance, NGO	x	x	x	x	476 300,48	428 670,43	90%	NDICI	Zakarpatia	Perechyn	129	<p>Project Overview: The project aims to enhance and ensure the quality of medical services in the Slovak-Ukrainian border area, specifically targeting the Perechyn and Sobrance hospitals. By implementing infrastructural and investment activities, organizing study visits, and educational programs, the project addresses the pressing challenge of inadequate medical facilities and resources in the region. One notable focus is on improving conditions for children and their parents, with a view to reducing childhood morbidity rates through targeted interventions.</p> <p>Main Goal of the Project: The overarching objective of the project is to elevate the standard of medical care in the targeted regions by jointly investing in and enhancing the material and technical infrastructure of the Perechyn and Sobrance hospitals. Through these efforts, the project seeks to contribute to the broader program goal of bolstering healthcare services along the Slovak-Ukrainian border area.</p>

LIST OF OPERATIONS IN THE HUSKROUA NEXT CBC PROGRAMME 2021-2027

By improving the skills of local managers in crafting infrastructural projects and building cross-border partnerships, it seeks to catalyze cross-border growth, local resilience, and foster regional cooperation. Main Goal of the Project: To enhance the institutional capacity of local communities to develop and implement infrastructural projects through cross-border partnerships.
ISO 6.2	HUSKROUA/23/S/3.1/025	Promoting a Sustainable Collaboration Across Borders to Collectively Boost the Economies of Three Crossborder Regions	20.01.2025	19.06.2026	AGES Association	Idea for the Region Association	Charitable Organization "Charitable Fund TES Fund"	x	x	x	298 399,50	268 559,55	90%	NDICI	Satu Mare	Satu Mare	173	Project Overview: CONCORD aims to foster sustainable collaboration across borders to boost economies in Satu Mare, Szabolcs-Szatmar-Bereg, and Zakarpatska counties. By addressing common challenges related to unemployment and labor market disparities, it seeks to harmonize and improve cross-border employment and related services. Main Goal of the Project: To promote sustainable collaboration across borders to enhance employment opportunities and economic growth in the target regions.
ISO 7.4	HUSKROUA/23/S/3.2/018	Secure and Effective Borders in Carpathian Region	01.02.2025	30.09.2026	International association of Regional Development Institutions IARDI	Service for Restoration and Development of Infrastructure in Zakarpattia Oblast	Tisza European Grouping of Territorial Cooperation Limited Liability	x	x	x	333 320,40	299 988,36	90%	NDICI	Zakarpattia	Uzhhorod	173	Project Overview: The Secure Borders project aims to enhance border cooperation and security in the Carpathian Region by establishing sustainable information and experience exchange between professional institutions and expert groups in Ukraine and Hungary. The project intends to improve control procedures and border security while aligning Ukrainian border infrastructure with EU standards. Main Goal of the Project: To improve border cooperation and security through institutional exchange and technological alignment with EU standards.
ISO 7.4	HUSKROUA/23/S/3.2/030	Border security synergy: Enhancing Suceava County Gendarmerie Inspectorate and National Guard of Ukraine mobile units thorough regional partnership	03.03.2025	02.03.2026	Suceava County Gendarmes Inspectorate	Unit 1241 of the National Guard of Ukraine, Ivano-Frankivsk	x	x	x	x	104 964,30	94 467,87	90%	NDICI	Suceava	Suceava	173	Project Overview: The Synergy Secure project aims to enhance border security and public order management in the Carpathian Region by strengthening collaboration between Suceava County Gendarmes Inspectorate in Romania and Unit 1241 of the National Guard of Ukraine in Ivano-Frankivsk. Through joint training, information exchange, and operational coordination, the project seeks to improve the effectiveness and efficiency of border security measures. Main Goal of the Project: To enhance the operational and technical proficiency of collaborating gendarmerie and security units, with a focus on optimizing strategies and procedures for maintaining public order in the border region.
